

Turnitin is a cloud-based originality and integrity-checking tool that provides actionable feedback, streamlined peer reviews and helps evaluate student learning.

Step 1 – Login to your course in Canvas and Create a New Assignment

- Login to your course and navigate to the Assignment content area where you would like to create the Turnitin assignment.
- In the Assignment content area, select the option to add a new assignment.

Step 2 – Edit Assignment Details

- Insert the assignment name and descriptive details.
- Points: Input the point value for the assignment
- Assignment Group: Select the assignment group from the list.
- Submission Type – Select External Tool from the list.
- **External Tool Options – Click in the box to Configure External Tool URL**
 - Select Turnitin from the tool menu
 - Click Select to insert the Turnitin tool
 - The External Tool URL field will be populated with the Turnitin link.
- Assign – Designate the recipients of the assignment
- Click the gear to open and modify the Turnitin Settings for this assignment.
